decisions

100% Cloud-Based

Access anytime, anywhere with
enterprise-grade security and
scalability

The Problems We Solve

Businesses face significant operational challenges that impact profitability and efficiency. Our system addresses these critical pain points:

Food Waste & Cost Leakage

30% of food is wasted globally. US restaurants discard **11.4 million tons** annually.

Inventory Blind Spots

Manual counts, inaccurate stock levels, untracked expiry, and critical variance between ideal vs. actual consumption.

Operational Inefficiency

Slow order processing, double bookings, poor kitchen workflow, and lack of standardized procedures.

Delayed Finances

Manual bookkeeping, late reports, limited budget control, and costly audit preparation with poor visibility.

Binoroa Procurement Pain Points:

- Lost paper slips causing delays
- Low stock discovered after purchase
- Hours spent reconciling purchase orders
- General manager approval delays
- Difficulty finding GM emails
- Accounting reconciliation issues

Business Impact Without Rahah24:

30%+ food waste

Stockouts at peak hours

Revenue leakage

Fragmented systems

Poor decision visibility

Rahah24 Solution — Core Modules

Our comprehensive ERP solution addresses your operational challenges with modular implementation, allowing you to start with what you need most and expand over time.

Inventory Management

Phase 1 — First priority

- ✓ Min/Max & auto-reorder levels
- ✓ PR → PO → GRN → Invoice approvals
- ✓ Batch tracking & expiry alerts
- ✓ Recipe costing & variance tracking

Financial Management

Phase 2 — Second priority

- ✓ Automated hisab 24/7
- ✓ General Ledger, AP/AR
- ✓ Budget vs actual tracking
- ✓ Audit-ready reporting

Restaurant ERP & POS

Phase 3

- ✓ Dine-in/takeaway/delivery
- ✓ Kitchen display system (KDS)
- ✓ Menu/recipes management
- ✓ Food cost % & auto-deduct ingredients

Extended Modules & Business Impact

HR & Time Attendance

Phase 4

- ✓ Biometric/RFID integration
- ✓ Automated payroll processing
- ✓ Leave management
- ✓ Shift scheduling & rostering

Events Management

Phase 4 — Shadi Lawn

- ✓ Conflict-free booking calendar
- ✓ Package & pricing management
- ✓ Resource allocation
- ✓ Billing & payment tracking

Islamic Services

Phase 4 — Zakat/Qurbani

- ✓ Zakat calculation & distribution
- ✓ Qurbani workflow management
- ✓ Donor management & transparency
- ✓ Islamic calendar integration
